

# Do you know what the “Members Only Section” of the ACBS International website offers you? And How to Access it?

- 1) How do you get a login to access the Members Only Section?
- 2) How to add or correct your address, phone number and Boat information.
- 3) How to look up someone’s phone number or address using your computer or smart phone.
- 4) How to look up boats by their Name, Model, Engine Model or Manufacturer.
- 5) There is written documentation on many engines that can be downloaded.

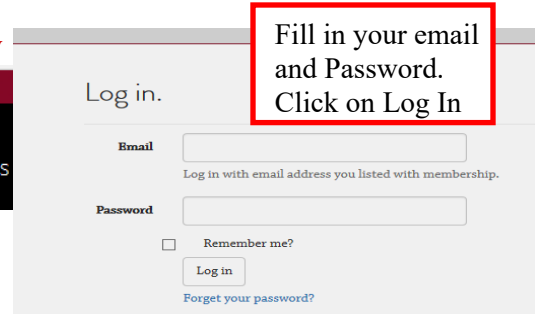

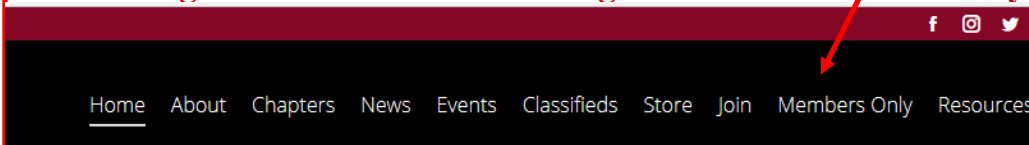

**#1** The first step to doing this is having a login. Your login will be the email address that you have registered with ACBS. To get your login you need call or email ACBS International. If you call, they will set up your password of choice. If you leave a message or email them, they will email you back with a password. You may keep that password or change it after you log in. Co-Members may also have their own logins by doing the same thing. Contact information for ACBS International:

### #3 To find a Member, Select Member Directory.

You may fill in just **Last Name**. First names are sometimes formal in the data base.

Example: Robert, not Bob.

The screenshot shows the 'Find a Member' search form. A red box highlights the 'Last Name' field. Red arrows point from the text boxes to the 'Last Name' and 'First Name' fields. The navigation bar at the top includes 'HOME', 'MEMBER DIRECTORY', 'BOATS', 'CHAPTERS', 'ACBS COMMITTEES', 'CONTACT US', and 'RESOURCES'. The top right corner shows the email 'SANDY-CHASE@COMCAST.NET' and a 'LOG OFF' link.

If you searched "Chase" this is what will come-up.

### Find a Member

The screenshot shows the 'Find a Member' search form with 'Chase' entered in the 'Last Name' field. The 'Search' button is highlighted in green.

### #4 To find a Boat, Select Boats, then Boats.

You may look up a boat by Boat Name, Manufacturer and/or Model. Fill in just one box for a more generic search or narrow down the search by filling more information.

Example: You can find out who else owns a 1951 Chris-Craft Holiday By filling out all 3 boxes. See next page for partial results. (popular boat)

The screenshot shows the 'Find a Boat' search form. A red box highlights the 'BOATS' menu item in the navigation bar. Red arrows point from the text boxes to the 'Year', 'Manufacturer', and 'Model' fields. The navigation bar includes 'HOME', 'MEMBER DIRECTORY', 'BOATS', 'CHAPTERS', and 'ACBS COMMITTEE'. The top right corner shows the email 'SANDY-CHASE@COMCAST.NET' and a 'LOG OFF' link.

#4 and #5 The same search can be done with searching for engines.

There also is an Engine Documentation collection available for downloading here.

There are more things to discover in the "Members Only Section", but I will leave that up to you. I hope that you also take the time to find the many other things to explore on the ACBS.org website.

There is a copy of this tutorial on our chapter website just in case you need a reminder someday. acbs-tahoe.org

(you could have looked that up)

PS: It is good to check your information. While doing this article I found that my husband spelled my boat's name incorrectly. I fixed it.
